Please pray that Denny Bergy gets the rest he needs and that his family can also find peace. The doctors have stated there is nothing more they can do for him.

Please pray that Jim Bergy gets the rest he needs and that his family can also find peace. He has stage 4 cancer; please pray for him.

Please continue to pray for Robin Silver, as she is in rehab for her hip recovery. Please watch over her family, Lord, and support her during this time.
